

WOMEN'S HEALTH CENTER

Obstetrics & Gynecology

OFFICE POLICIES

Due to risk of communicable disease that could potentially put pregnant women at risk, appointments will be rescheduled if children are present with you at the time of your appointment.

We do our best to see you in a timely manner when you come in for your appointment. Therefore, if you are more than 15 minutes late, we reserve the right to reschedule you for another time. You will not be charged for a missed appointment.

INSURANCE INFORMATION

The patient is expected to present their insurance card at each visit. Insurance claims are filed to participating insurance companies. The patient is responsible for notifying our office of any changes in insurance coverage.

COPAYS/CO-INSURANCE/DEDUCTIBLES

Our Financial and Payment policy requires payment for your deductible and/or co-insurance at the time of service for office visits and procedures. We will file a claim for services on your behalf. In the event there are any additional balances, which may be your responsibility, you will receive a statement that is to be paid before the end of the month.

SELF-PAY ACCOUNTS

Payment in full is expected at the time of service for uninsured patients. If you would like an estimate of your charges, please ask the receptionist.

REMINDER

You are important to us. Quality care for each patient is essential at Women's Health Center. If your Doctor is called away to take care of another patient during your scheduled appointment, we ask that you help support your Doctor by either seeing their associate (if available), rescheduling your appointment with your Doctor, or patiently waiting for your Doctor to return. Your understanding is appreciated, the Doctor may be called away one day to see you, a friend or a member of your family.
